**C**aptive Insurance is a risk management strategy with excellent tax advantages utilized by half of the Fortune 1,500 companies.

Active Captive Management provides independent advice and consulting services to clients interested in utilizing captive insurance programs and alternative market programs along with turn key on going management.

Our business model operates in a supporting role to our clients' existing planners, advisors, risk management department or firm, in the design, implementation and ongoing management of insured and self insured risks. Active Captive works closely with the client, advisors, broker, CPA and attorney to achieve the clients' objective of efficient design and implementation of a viable Captive.

With 20 years of direct Captive Insurance experience, Active Captive Management offers Captive Insurance consulting to complement the client's advisors' overall wealth preservation, transfer and protection plan.
